

# Product Safety Recall

## Ryobi Tri Arc® Brush Cutter Blades supplied with Ryobi 36V Cordless Brush Cutters

Models affected: RBC3600E (bare tool) & RBC3626C (kit)

Sold at Bunnings stores nationally from September 2013 to 2 April 2015

**Defect:** The blade can detach if the securing nut is insufficiently tightened.

**Hazard:** If the blade detaches during use it may seriously injure you or a bystander.

**What to do:** Stop using the blade attachment. Please contact Techtronic Industries N.Z. Ltd to arrange for the return and refund options - Blade (only) or product (brush cutter as purchased).
